### LASTING BENEFITS

**Rest and Relief** throughout the night so you can be fully present during the day to enjoy and care for your baby properly and attend to other family responsibilities.

**Experienced Support** from skillful professionals who can assist with advice, breastfeeding/bottle feeding, swaddling, sleep training, colic, reflux, bathing and more.

**Helpful Routines** that make all the difference! Your baby nurse will ensure your baby is off to a great start with healthy feeding and sleeping routines for success.

**Confidence and Joy.** Studies and client feedback have shown that baby nurses have helped increase the overall level of confidence and happiness that new parents experience, reducing stress and postpartum depression.
